We take care of sampling and analysis of your (drinking, sewage, bilge, ballast) water on board and issue approved water-certificates, a service we provide in all major ports worldwide.

In case of contamination of drinking water on board, we can supply disinfection products, services and consultancy to provide cleaning solutions. All services are available on request.

Assistance of tugboats – if required – is for customer's account. When tugboat companies increase their tariff in case of ice drift – according to the port's custom – the price of drinking water will be adjusted accordingly.
